Gibbs Cast in Unusual Role In Gerrymander Controversy

By JAMES G. COLBERT

Former Boston Post Political Editor

Mayor and Senator Donald L. Gibbs has been cast in an unusual role in the controversy over the senatorial redistricting bill.

Democratic State Senate President John E. Powers has given Republican leaders his word that no redistricting measures will be passed by the Senate this year if Gibbs resigns from his seat in the upper legislative chamber.

Powers has added, however, that his promise is withdrawn and the agreement dropped if Gibbs goes through with his plan for remaining in the Senate until the redistricting bill is voted upon.

Originally, Gibbs planned to quit the Senate upon assuming office as Mayor on New Year's Day. But when a Gerrymander plan was revealed un-

der which Newton would be divided between two senatorial districts, Gibbs declared that he would stay in the Senate to vote against the proposal.

That prompted Powers to inform Republican chief-

MEAT

How Much Does Confidence Weigh?

We believe that **confidence** always "tips the scale" in your decisions. Consider the problem of **where** to buy chopped meat for dinner, a roast for Sunday. Surely, it's your confidence in us—that good feeling of **being certain** you'll get wonderful flavor and quality—that brings you back again and again.

You're sure, too, of saving time and money. Our meats are packaged for quick selection in sparkling, clear wraps—plainly marked with lowest possible prices. You see exactly what you're getting. No hidden half slices. No hidden fat or bone. Full value for every pennyl And remember, we're always glad to fix any particular cut you'd like.

It's you we want to please. And we make certain you can shop our store with complete confidence—sure of quality, foods, friendly help, rock-bottom prices.

Mink Stole, Radios Stolen In Newton

Newton police investigated burglaries over the weekend-in which thieves obtained a mink stole valued at \$1500, two transistor radios, blank checks, gold cuff links, silver-ware and liquor.

One radio was stolen from a display window of L. Charlton Green Co., at 316 Washing-ton St., Newton, where the glass was smashed.

The other articles were stolen in a burglary at the home of William Schwartz of 1600 Commonwealth Ave., Auburndale, where a bedroom window casement was forced.

Newton Senior Directs Own Harvard Play

Timothy Leland, a senior at Harvard College from West Newton, recently directed one of his own plays in a per formance staged by the Dun-ster House Drama Workshop at Harvard. The play, "The Beloved," tells the story of mental hospital and traces the development of their characters as they fall in love.

The Dunster House Drama Workshop was established three years ago with funds from a Ford Foundation grant to the House. Dunster House is one of the eight residential centers of undergraduate livng at Harvard.

Leland also wrote and directed the Dunster House Christmas Play, "The Knight Before Christmas." A take-off on Harvard life, it was presented in conjunction with the annual Christmas dinner at Dunster. Leland has been interested in creative writing since before high school, but it was through the Workshop the school auditorium at 8:30 that he began to work in the field of drama. plete text of the inaugural address delivered by Mayor Donald L. Gibbs:

"Mr. President, Reverend Dr. Eusden, Mr. Justice Spalding, Members of the Honorable Board of Aldermen and School Committee, Fellow Citizens of Newton and

"First, may I take this opportunity to express my deep appreciation to the Reverend Eusden and Justice Spalding for their willingness to participate in these inauguration to meet issues head on. We exercises. It is, indeed, a distinct pleasure for me, and I sibilities—it is my sincere de-know for all of us, to have two sire that we never shall. Our thoughts and our actions during the ensuing two years should be guided by these precepts.

"To the members of the Board of Aldermen and the School Committee may I offer my warmest congratulations on your election. It has been my pleasure to know and work with many of you. The city and its citizens are indeed for tunate to have your conscientious, devoted services available in their interest.

"I am sure that many peo-ple do not realize the hours upon hours contributed in regular meetings, special meet ings and conferences, by the members of the Board and School Committee, It is without doubt one of the important factors in the outstanding municipal government, for which Newton has been noted since its inception.

"This applies equally as well to our boards and commissions which are composed of many public spirited citizens living within our confines. I am sure that with the exper ience and balance of this incoming Board of Aldermen and School Committee, they will uphold the high standards demonstrated by their prede

'We are all cognizant that the Garden City of Newton is no longer a small municipality, even though we retain these characteristics because of our many villages. Approaching a population of 100,000 people, lying in between our capital city of Boston and the fast growing area to the West, having within our borders approximately 18 square miles of territory and over 300 miles of streets, makes for many complex problems.
"Without doubt we will all

Such, does not just happen, but is the result of citizens vitally interested in excellent government, giving generously of their time, ment, with conversition from the directions. May I emphasize that word all, for outstanding civic accomplishments and an interest in one's religious affiliations are fully as important to a well rounded, balanced community. It may be summed up in a very few words. We are extremely of Newton and will work hard to keep it the dynamic community for which we have such deep admira-

"At this point, may I pause to pay a sincere tribute for all of us to a man who has worked far beyond the call of duty in the interests of Newton and its residents. I naturally refer to the Honorable Howard Whitmore, Jr., my immeidate predecessor as May-

Following is the com- or. Without doubt history will record him as one of the most able mayors since our founding as a city in the year 1873. We are grateful for the capable administration he has rendered Newton during the past six critical years, May we all wish him well in the future.

> "To say that Newton has kept abreast of its problems, is a true statement, for one has only to look at our physical plant, our high bonded indebtedness and he will realize we have had the courage have not evaded our respona city never stands still. We must insure that the City of ever reflecting the desires of our people. It is up to us, the elected officials to supply this leadership, this interpretation of the desires on the part of our citizens and transmit it into action, for the common good.

"Let us review for a few moments, our debt structure. for here we come face to face with the bonds sold for long range capital improvements. As of Dec. 31 our gross debt will stand at \$20,273,000.00. Whether we say this quickley, or slowly, it is a lot of money. Phrased another way, it amounts to \$225 per capita, or 7.45 percent of our total valua-tion, which incidentally is among the highest in the Com-

monwealth of Massachusetts. "While we are considered a high income city, nevertheless when debt is placed on a per-centage basis to total valuation, then a common denom-inator is established. It is at this point that our debt becomes serious, thus finding ourselves at the peak. Such a condition makes it mandatory that we be doubly careful to examine every request for further expenditures, by the sale of bonds.

"A further impact is the inamortization so called. This servicing of our debt, will amount to \$2,428,000 or over 10 percent of our yearly budget in 1960. In the sales of futhe older bonds being retired "Without doubt we will all acknowledge that Newton has erage range of 2.25 percent. Even that 14 percent difference will increase considerably our yearly payments for inter est requirements.

"I am sure you will agree knowledge and efforts in all the ment, with cooperation from the public in their requests sound fiscal policy.

> day is also the start of a new fiscal and budget year. It must be forcefully noted that many factors composing our expen-ditures are beyond the control of municipal government, and the percentage to the total budget is growing each year. In 1949, just 10 short years ago, with a gross budget of approximately 10 million, it is hard to believe but only 46.61 percent of this money was under the direct control of the Mayor and Board of Aldermen. In 1959, this past year's gross budget amounted to slightly over 21 million and only 38.28 percent came under our jurisdiction. This dramatically shows that your Mayor and Board of Aldermen are fast losing control over expenditures when placed on a percentage basis. This is in-

deed unfortunate. "Not in a note of criticism, but merely to inform you, it should be observed that by far our largest expenditure is for schools. This amounted last year to \$7,290,016 or 34.70 percent of the total gross budget. In 1949 this expenditure accounted for 28.84 percent of the gross budget, which shows schools are taking an increased share of the tax dollar by 5 percent. This does not include any of the costs of debt on bonds sold for

school building construction. "School department expendiitem on your tax bill so that you might evaluate this cost get is their direct responsibil-

could be substantial.

"Briefly, other items are new construction, and veterans benefits, retirement and employee benefits, approximately 18 percent of the budget. State imposed costs have also drastically increased, with much more to come in the near future. Our famous Metropolitan Transit Authority deficit is an excellent example. Should the legislature change the assess-ment formula Newton's percentage would skyrocket, even beyond our growing payments, caused by the overall deficit

amassed during the past year. "Newton's fears that operating losses on the Highland Branch would further increase the overall deficit of the MTA were well founded. At present this branch is far from paying its own way. An extremely serious collateral result is that another carrier operating within Newton, and one on which our citizens depend, has suffered a decrease of nearly 200,000 passengers on its local division during the few months the Highland Branch has been in operation. Such continuing decreases in passengers and the resultant losses in revenue could very easily jeopardize transportation within our borders.

"A further area over which we have no control or jurisdic-tion is the taking of valuable land by state agencies or au-thorities by eminent domain. In the recent past such action has resulted in the loss of substantial amounts of taxable revenue. Should the toll road authority continue its present plans, its taking would, undoubtably be heavy and would cause a serious rise in our tax rate.

"Our budget is no longer small business, for last year our gross appropriations were \$21,011,203. Here perhaps is the proper place to mention what I believe should be the constant reminder to everyone concerned with the expenditure of municipal funds within this city. If we can't remem-ber it, it should be framed and hung where we can't miss it. Revenue expenditures of approximately \$272,000 equals \$1.00 in Newton's rate. would be amazed to see how fast items will add up-I know I am, even at this early stage. terest requirements and the repayment of principal, or see that economies are instituted where possible.

"It will be mandatory to examine every request for funds in the light of necessity. Such admonitions are based with the full knowledge that Newture bonds, increased interest rates will be cause for real concern, for while Newton has recent, for while Newton has recent, for while Newton has recent also realize that a municently borrowed for the new or increased expenditures. We South High School at a very must also realize that a munifavorable rate of 3½ percent, cipality is subject to the evils of inflation, even as you and I. are in the range of 1½ percent with all debt being in the avial debt being in field of salary and wages for our employees, in the purchase of supplies and in the costs of future capital improve-

I am convinced I echo the sentiments of the majority of citizens when I say continued 'planning" is a must. We will go forward with this necessary

program.
"Much of the ground work, the gathering of statistical information, has been accom plished and a hard look at our individual problems has been obtained. It is obvious that school expansion must continue, and additions are currently planned within the next three years. One has only t'o examine the forecasts of the school department, seeing the influx of students to realize that such expansion, the adding of new wings to existing schools, must be started imme diately. It must not be delayed or we will be breaking faith with our future citizens, condition that none of us will

condone. "Newton's largest and most costly project, the South High School is scheduled to open next fall. The attendent relocation of approximately 1000 students will cause conditions that must be watched closely, traffic and parking being two

of many. "The area of our zoning ordinances will require constant attention from our City Plantures are shown as a separate ner and Planning Board. We have revised our zoning ordinances many times; neverthewhich has been receiving a less, with land use becoming higher percentage of your tax critical, we must remain vigi-dollar each year. requirements, welfare seek new methods to attract additional valuation. Without such substantial new taxable which collectively amount to property, costs of government can't be held in line or retarted. We will find ourselves like many older cities with sharply must avoid or delay.
"We have had a very high

rate of automobile ownership to population. This has re-sulted in a plus side, through substantial excise tax receipts. Being about the only flexible tax, it increases as the cost of cars increase, and as a reflection of the rise in local property taxes. On the minus side, we are faced with the need for more municipal parking. Its location, priority, and the cost surveys are properly subjects that should be the province of our City Planner.
"Mounting traffic, a resultant

of this substantial car owner-ship, and our proximity to Boston and other large surrounding cities, will need very close attention and study if we are to find proper solutions. Accident prevention, within the city, needs constant attention in order to reduce this menace — to our society. I am confident progress can be made in this direction by cooperative action on all department fronts. It would also have a beneficial side result, in the reduction of insurance rates imposed by State Law. Such rates, while they have dropped slightly within the last year, have not shown the reduction that a community such as Newton might expect. It is my sincere hope that the ensuing year will show improvement.

"May I call to your attention one very serious problem for Newton. It is the toll road extension from Weston to Boston. This projected exten-sion has been cloaked in secrecy since its inception in 1955. Promises of a speedy completion have been made on several occasions, whenever it has suited the Authority. We know no more at this time than we did when this project was first mentioned. It is entirely wrong that the details of this extension are not re-vealed and discussed publicly before final decisions are made It looks as if such public hearings as will be held will be for the record only and not for serious consideration of Newton's position. "The resultant loss of tax

able valuation would undoubt

edly be substantial, but far more reaching is the displacement of people in large num-bers and the loss of their homes. Business firms adjacent to this road, do not know whether to expand or remodel. A state of confusion exists and neither the Toll Road Authority, nor His Excellency the Governor of this Comon wealth will take any steps to clear away this cloud of secrecy, this pall that hangs over our community. You may be assured I will continue to seek a solution, to fight for the rights of our community that in the final analysis we good results, according to reports that have been compiled to date, but many questions still remain to be answered. A survey of the voters is being made and benefits in relation to costs must be determined. We must decide whether to buy voting machines, a few at a time, from revenue funds or issue bonds under which the city could be fully equipped at one time. You may be assured this problem will have the careful analysis it prop-

erly deserves. "In the interest of previty, if is impossible to review at this time many of the other subjects and decisions that will confront this administration, Every department is impor-tant in the smooth functioning of our city government. It is there for a specific purpose to serve or to protect lives and co-operation of every depart-ment head and his staff. I will welcome their problems, as mine, for together we must find equitable solutions to the questions which will most certainly confront us.

"We in Newton are facing a great challenge, even transcending that of past years, for as a city we are rapidly reach ing maturity. courage and co-operation will be required to successfully meet this future. No new mayor could take office with a finer group to work with, than our elected officials, our employees, and our citizens who have labored so industriously to the end that their city remains 'the Garden City of Newton.' Such citizen-partici pation is the key to continuing

good government.
"I know I speak for all who

NEWTON FAIR HOUSING

The residents of Newton whose names appear in this advertisement have subscribed to the following AFFIRMATION

> In a democracy it is essential that all have equal opportunity. This principle is often denied when members of minority groups are not allowed to rent or buy housing.

> One inherent richness of our country grows out of a free non-segregated sharing of life and thought by people of varied faith, origin, and race. We cherish this democratic way of life for ourselves and for

Therefore, I, the undersigned resident of Newton, declare my support of a policy to make housing available to all people of good character, without discrimination because of race, religion or national origin.

Annual Tests.

(Continued from Page 1)

Mrs Alfred Bickelman and eated in this City of Newton James Remley on the advisaare hereby notified to bring them in to the Department of Weights and Measures to be tested, adjusted, sealed or condemned by the Sealer."

The testing, adjusting, sealing and condemning of weighing and measuring devices will be performed on the following specified dates and time: Jan. 5 through Jan. 15, inclusive, except Saturdays and Sundays, 8:30 to 9:30 a.m.

Tennessee Williams' prize-winning play, "A Street-car Named Desire" will be presented by the Country In pointing out the impor-tance to the community of local weights and measures administration and enforcement with relation to scale accu-Sealer Bowen reports that he is not only concerned with the weighing devices of the butcher and grocer, but also the scales of the apothecary, the coal dealer, junk dealer, iceman, express company, candy store, hardware store and laundry as well as all gasoline vending pumps, grease meters, oil measuring cans, linear measures from yardsticks to taximeters.

Authoritative sources claim that it requires 1300 pounds of edibles per year to maintain life for persons from 8 to 80 years old. It is estimated that there are approximately 75,000 residents within this age group in Newton. If a onehalf ounce shortage per pound were unchecked and unre-strained, it would involve an annual loss of 40 pounds per person, and if conservatively assumed that the average price per pound was 30 cents, the annual loss per person would be \$12.00. \$12.00 multiplied by 75,000 persons results in a potential loss of \$900,000. within the city in food purchasing alone. Should the scales overdeliver by one-half

ounce, such loss would fall upon Newton's food retailers. Included in nearly 3500 de vices tested and sealed in Newton during 1959 were 343 gasoline dispensing pumps through whose meters annual ly pass more than 27,000,000 gallons of gasoline worth over \$8,000,000,000, Nearly 20 percent of these meters were inaccurate and required adjustment, 20 were condemned for replacement, Meters on 50 retail fuel oil trucks were sealed, 14 of them requiring ad-

Sealer Bowen says, "In addition to testing, adjusting, sealing or condemning mechanical devices and containers, linear measures, etc., thousands of inspections and trial weighings were conducted during the past year to insure the proper use of such devices and fair merchandising practices. The paramount function of the Weights and Measures Department is to enforce equity and fair play with relation to quantity determinations in all commercial transactions.

Short Stay N-W Hospital Rates Raised

Newton - Wellesley Hospital cited salary increases and a reduction in Community Chest allocations as reasons for the increases in rates which went into effect the first of the year being charged patients for the first three days.

An additional charge of \$7 for the first day, \$5 the second and \$2 the third day are added to existing rates which range from \$23 to \$34 per day, depending on accommodations selected. Subsequent day rates remain unchanged. "Hospital costs are highest

in the first two or three days," Mr. Brines stated. "The new charge method removes the burden from the elderly patient or the sickest patient whose long stay results in the argest bill. It distributes the burden equally among all pa-

Former Local Man Named To **Arab Mission**

Mr. J. T. Chirurg, a former well known Newton resident now a public relations and advertising executive of Boston and New York, has been named as one of a five-man team of United States businessmen who will represent this country on an important mission to the United Arab Republic.

The group, headed by E. Paul Hawk, head of Trade Missions, U. S. Department of Commerce, will leave by jet-plane on Saturday, and will return on March 4.

Foreign assignments are not new to Mr. Chirurg, He was a guest of the British Govern-ment in 1942, during World War II, to study absenteeism in war production plants and to assist in devising means to overcome that serious prob-

lem.

Mr. Chirurg attended Newton public schools and is a graduate of Newton High School. He holds a Bachelor of Science degree in Naval Architecture and Marine Engineering, from M.I.T. in 1927; a Master of Science degree, Engineering Administration, M. I. T. 1929 and was a special student at Harvard University Graduate School of Business Administration in 1928.

The former Newton man's appointment to this trade mission was made by the Assistant Secretary of Commerce, and papers of confirmation were received recently by Mr. Chirurg. Among the fields to be discussed by the mission are business conditions in the Arab Republic, U. S. Foreign and Economic policies and the potentials of International Trade Development.

. Roger Smith, who co-stars with Efrem Zimbalist, Jr. and Edd Byrnes in "77 Sunset Strip," only a few years ago was a U. S. Navy link trainer instructor in Honolulu and spent off-duty evenings singing at private parties. James Cag-ney, in Honolulu for the filming of "Mister Roberts", was a guest a one of the parties. Impressed with Roger Smith's voice and personality, Cagney encouraged him to go to Hollywood upon his discharge from the Navy. When Smith arrived in Movietown Cagney was away on location, so he set out on his own to land a part. He made the rounds of the studios without success. Broke, he settled for a singing spot at a theatre cabare where he literally sang for his

A girl he met at the theatre asked Smith to help her with a reading for Columbia Pictures. The girl didn't get the contract but Smith did. Then followed a contract with Universal-International. On the basis of impressive performances in two Cagney films his U-I contract was taken over by Warner Bros., and he was assigned a leading role with Rosalind Russell in "Auntie Mame." Now he's popular with TV audiences from the Atlantic to the Pacific. And no gift is more popular from coast to coast than a new Zenith TV, radio or Hi-Pi set. EARNING DIVIDENDS

By Don Herold

Many investments today yield less than money saved at Watertown Federal Savings. And you'll be sure of getting not only good dividends at Watertown Federal, but of getting back 100 cents for every \$1 you have put in.

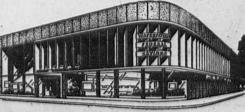

An individual may have \$10,000 of that insurance by an agency of the U. S. Government. A man and his wife may have \$10,000 and \$10,000 on a joint account. A family of three can have up to \$70,000 insurance,

And you don't have to "hold" your savings at W.F.S. for a long set period, as you do some types of bonds, for example.

ANTICIPATED DIVIDEND 31/2 % PER ANNUM payable for the period ending June 30, 1960

Tickets Still Available For Lions Lecture

Mr. Robert Mitchell, Pres. of the Newton Lions Club has reported that many tickets have already been sold for the Lion - sponsored lecture by Carl de Suze on Friday Jan. 22, 8:00 P.M., at the Meadow-brook Junior High School. Pres. Mitchell observed that many Newton citizens have expressed a keen interest in learning more about the Russian people and were looking forward to Mr. de Suze's lecture, a "Key Hole Journey" through Russia. He stated the tickets can still be purchased by calling Dr. John Evans — LA 7-4638 or himself — TW 4-

In explaining that the Lions purpose in sponsoring Mr. de Suze was to raise part of the necessary funds for an extensive restoration of the Newton Sea Scout building on Water town street, Mr. Mitchell reported that the club had already made notable progress toward their immediate goal of \$2800 — and future goal of \$8000. Through the Lions recent candy sales, they had netted over \$300.

Dr. John Evans, Secretary

and "Skipper of the Ship" re-ports that the "ship" has been meeting weekly at the build-ing for training in navigation etc. preparing for summer cruises. All Newton boys from 14-17 are eligible. Through their weekly activities and election of their own leaders, Dr. Evans states the boys have shown considerable development as sailors and young men. Many of the adult leaders have been in the Navy or Coast Guard.

City Plans 3-Day Salk Polio Clinic

Dr. Harry T. Phillips, Newton director of Public Health, today announced plans for a three-day clinic for Salk polio shots later this month, and stressed that Salk vaccine is the best protection available against severe forms of polio.

The clinic, which will be the third held thus far in the city. will be for persons from the age of two months to 40. It will be held in the City Hall Cafeteria on Monday, Jan. 25, from 7 to 9 p.m.; Jan. 26 from to 4 p.m., and Wednesday, Jan. 27, from 7 to 9 p.m.

Dr. Phillips said:

"Ideally, the injections should be obtained from your personal physician but if this is not practical, residents are urged to take advantage of the Health Department clinic."

(Continued from Page 1) vention in June for the nomin-

ation for Governor." Ex-Mayor Whitmore went on to say that after a short vacation he will begin "to enlist the support of individual delegates."

He expressed confidence that he will be elected the Governor of Massachusetts if he gets the Republican nomination.

Whitmore cited that he has had extensive experience in both the administrative and legislative branches of the government.

He pointed out that he serv ed seven years in the House of Representatives and was Ball, president. chairman of the powerful Ways and Means Committee 'which prepared and guided through the Legislature in 1953 a State budget which for the first time in many years was less than that of the pre-ceding year."

"Such a reduction has not been accomplished since," Whitmore observed. "As a result of that constructive action, there was a tax reduction the following year."

Former Mayor Whitmore also was chairman of the "Baby Hoover" Commission which made a detailed study of the structure of the State government from 1949 to 1953.

He was elected Mayor of Newton in 1953 and was twice reelected without opposition, retiring from the office at the start of this year after years at the head of the Garden City's government.

"I have always felt, and I be lieve my record bears it out, that a person holding public office is in a position of trust and therefore his duties and functions must be those of a trustee of the public good," Whitmore declared,

"Public service should not be considered as an opportunity for self aggrandizement but as a privilege to serve and improve the welfare of the state and its people.

"I believe I can meet the challenge of our time successfully by providing real lead-ership. Drawing on my exper-ience as chief executive of a large city and with the advice and cooperation of the members of the General Court, I am confident I can discharge properly the duties of governor by implementing a constructive program for the improvement and benefit of Massachusetts," ex-Mayor Whitmore continued.

Whitmore is a graduate of Harvard College, where he was a member of the baseball team for three years. He is an army air force veteran of World War II. He was discharged from the service with the rank of major in 1946.

Whitmore is a life-long resident of Newton, attending the Newton public schools and graduated in 1924 from the Newton High School.

He now makes his home at 54 Carver road in Newton Highlands, is married and the father of two children, Howard III, 21, and Nancy, 8.
In private life he has been

associated with the Boston office of the Guaranty Company of New York from 1929 to 1932, and the investment counsel firm of John P. Chase, Inc., from 1932 to 1953. He is a corporator and trustee. of .the Newton Savings Bank, a di-rector and member of the executive and trust committees of the Newton National Bank, formerly was assistant treas-urer of the Perkins Institution for the Blind, and president and assistant treasurer of the Home for Aged Men in Boston,

now the Rogerson House. Active in civic and charitable affairs, he is a former vice chairman of the Newton chapter of the Red Cross, the Newton Community Council, a director of the Boys' Club of Newton, and a member of the Newton Kiwanis Club. For five years he was a member the Newton Recreation Commission.

He is a member of the visiting committee on government of Harvard University, a former president of the Boston chapter of the American Society for Public Administration, and a member of the Newton Post 48 of the American Legion.

When yesterday becomes tomorrow...

From time immemorial man has been awed by the birth of a malformed child. The Spartans destroyed them. Medieval Europeans eyed them with fear.

These superstitions have prevailed to our own day when birth defects are the nation's biggest unmet childhood medical problem. Each year a quarter of a million infants are born significantly defective... one out of every 16 births. Half of them face a life of illness and crippling. Approximately as many babies are stillborn or die from birth defects within one month after

birth each year as there are people killed annually by autos.

But that was yesterday. Today there is hope. For the first time in history a large-scale, coordinated attack is being made on this heartbreaking disorder by the 1960 New March of Dimes. The veapons are the same weapons used to conquer paralytic polio:

- medical scientific research to find causes, cures, preventives
- patient aid for medical treatment

 training for more doctors, nurses, physical therapists and other medical workers to care for the sick and disabled

That's what your money will buy when you contribute to the New March of Dimes. But more than that, for the millions of Americans racked by crippling diseases, the New March of Dimes marks the end of yesterday, the beginning of a hopeful tomorrow.

Join the March of Dimes to prevent crippling diseases/Birth Defects · Arthritis · Polio

in the school department will

involve the expenditure of

\$217.511. The balance of the increase in the school budget will be used to purchase new equip ment, to cover higher operat-ing costs and to defray the expense of a health insurance program for school employees.

In opposing the budget, Committeeman Hawkridge maintained that the School Board was moving a "little too fast" and was going "too far too soon" on teacher salaries.

Hawkridge said he did not consider the school budget to be either "loose" or "extravagant" but that the question in his mind was whether some things should be done now or at a later date.

He favored deferring any new increases in salaries and new increases in salaries and cases of pneumonia are report-opposed the addition of 17 ed each day in the U.S.

new teachers to the high school staff, maintaining that To Resign-

10 would be enough. School Committee Chairman Haskell C. Freedman defended the school budget and said the seven School Board members who voted for it feel they have "fulfilled their obligations to Newton parents and their children."

Freedman said the raises for teachers are "es-sential" to meet the competition and to attract and retain good teachers in order to maintain Newton's high educational standards.

In offering his justification of a \$10,000 appropriation for elementary school libraries, Feedman, said Newton has long been deficient in this respect. He declared that the \$10,000 appropriation for books and personnel is only a start toward carrying out recommendations advanced by PTA organizations.

(Continued from Page 1) the contest for the Republican nomination.

John F. Melia of Brighton, the Democratic candidate against Gibbs in 1958, already is working energetically on the Democratic side of the political fence in anticipation of

another bid for a Senate seat. Senator Gibbs, The Graphic learned, was motivated by two considerations in submitting his resignation to Lamson. 1. He has learned during

his first two weeks as Mayor that his duties will demand all his time, attention and energy. He is now convinced and satisfied that no redistricting bill will be adopted by the Legislature this year.

Gibbs originally intended to resign from the Senate upon assuming office as Mayor. When a plan for splitting Newton into two senatorial districts was filed with the Legislature, however, he changed his mind and decided to remain in the Senate until that measure was voted upon.

A new move for a dog leash law in Newton may be launched as a result of the rampage of a dog which bit a dozen pupils in the yard of Our Lady's School.

12 Children Bitten By Dog

In Our Lady's School Yard

While no official action yet has been taken, a number of irate parents have indicated their intention of taking the matter up with officers of the various PTA organizations.

They protested that the situation today is just as bad, if not worse, than it was two years ago when an all-out but unsuccessful drive was made to curb the activities of dogs in the vicinity of school buildings.

Small children are being molested by dogs while on their way to and from school, in school yards and even while entering school buildings, they complained.

Several persons who were active in the dog leash campaign staged in 1958, when contacted yesterday by the Graphic, said they are no longer active in the PTA Council and are not in a po-

sition to press for steps by that body. They asserted, however, that they consider the city's dog problem unsolved and that the "token" action taken by the Board of Aldermen

two years ago has accomplished nothing.

The biting of 12 youngsters in the yard of Our Lady's School by a Boxer dog, which was later struck and killed while chasing an automobile, was only the climax to a series of inci-dents, it was declared.

Don't Call Police On Snowy Days For No-School

Newton police officials today appealed to residents of the city NOT to telephone police headquarters on stormy days to ask whether school classes have been cancelled. They pointed out that this information that this information may be obtained by turn-ing on almost any radio station.

Telephone lines into police headquarters were clogged Tuesday morning by persons calling in to ask if school classes had been called off for the day. If a serious emergency had developed during that period, lives might have been lost by the inability to get a phone call through to the police, it was emphasized.

Cars Blocking Snow Plows **Towed From Newton Streets**

Mayor Donald L. Gibbs today issued an appeal to Newton automobile-owners to get their cars off the streets and into garages or driveways when the city is endeavoring to plow the streets during and after future

snowstorms this winter.

The Mayor made his plea after street department plowing operations were hampered by parked cars in any sections of the Garden City on Tuesday

Real estate agencies are covered under the public ac-commodation law prohibiting racial and religious discrimination, according to a recent ruling by Massachusetts At-torney General Edward J. Mc-Cormack Jr. This announcement was made at the meet-ing of the Newton Fair Housing Practices Committee, held at the Newton Community Centre.

Feature of the evening was a panel discussion of prob-lems encountered in assisting minority families to find homes in the suburbs. Panel members were Mrs. Elizabeth Elwyn, chairman of the Brook-Fair Housing Practices Committee; Arthur Singer, co-chairman of the Sudbury Committee; and Robert Anderson, active worker on the Natick committee, and Assistant Dean of Boston University Law School.

Panel members reported their experience has been that members of a white community have mixed feelings at the prospect of a negro family moving into their neighbor-hood, ranging from a negative reaction to warm acceptance. Once the family has moved in, they seem to be well accepted and often make good friends of their neighbors. Thus the best form of educa-tion for integration is the opportunity actually to experi-Panel members reported that the presence of a colored family seemed to have no effect on sale of adjacent houses to white families. Bill Would Jump City's **MTA Share**

Renewed proposals to spread the MTA deficit could push Newton's share to some seven times the present cost, and are likely to stir as many protests from city officials as similar plans a year ago.

High School program tonig

The latest move came with approval by the legislative Committee on Metropolitan Affairs of a bill sponsored by the Greater Boston Chamber of Commerce.

In the past, similar bills have been proposed, have won committee approval, but have been killed in the Legislature.

Newton's share of the mounting MTA deficit in 1958 was \$124,000 based on .7914 per cent of the deficit. Under the new plan, the percentage would be boosted to 5.9706.

T-B Group **Urges Free** Chest X-Rays

The Newton Tuberculosis and Health Ass'n today urges local residents to take advantage of the weekly chest X-ray program at the Newton-Wellesley Hospital. The clinic is held every Wednesday at 1 p.m. at the admitting entrance of the hospital and is open for 10 people, by appointment

The value of a chest X-ray is that it may discover any ab normality of the thorasic cavity and in so doing may make it possible for the patient to receive early treatment and care by a physician. The Newton Tuberculosis and Health Association advises that as a part of the New Year's activi-ties all persons over 21 years of age have a physical examination and a chest X-ray.

Any appointments for these X-rays on Wednesday after-noons are made through the Newton Tuberculosis and Health Ass'n office, tel. BI 4-4911. This is another example of the work done by Christ-mas Seals.

Newton Women On Dimes Style Show Committee

Seven Newton women are members of the committee for the 10th annual dessort and fashion show to berefit the New March of Dimos, which will be held in the main ballroom of the Statler-Hilton Hotel in Boston on Thursday, Jan. 21, at 1:15 p.m.

They are Mrs. Joseph H. Burke of Chestnut Hill, Mrs. William R. Coleman of New-ton Centre, Mrs. Benjamin T. Kaplan, Mrs. Lawrence M. Levinson, Mrs. Irving W. Rabb, Mrs. Harry Sherr, all of New-ton, and the chairman, Mrs. Henry Keating, of West New-

The annual fashion event, which is a major fund raising act with the March of Dimes, will be produced by radio fashion personality Mildred Albert, Dean of the Academie Moderne and Co-director of the Hart Model Agency.

Fashions by Esther Doro-thy and Ida Clair of Newbury street will be shown by Hart models.

Proceeds from this year's fashion show will go not only to aid polio victims, which still number 50,000 nationally, but also will be reflected in which now include arthritis and birth defects.

MRS. ALBERT MILLER

Women Will **Purchase New** Surgical Suite

A decision to purchase the entire surgical suite of the new Brookline Hospital for \$125,000 has given new impetus to the fund-raising efforts of 'the Hospital's Women's Auxiliary.

Mrs. Albert Miller of 15 Woodcliff road, Newton, chairman of the group's Annual Fashion Show and Luncheon to be held March 23 at the Statler Hilton Hotel, said all the funds realized from this project would go to pay for the surgical department.

Following a kick-off lunch-eon at the home of Mrs, Herbert Carver, close to 100 the new expanded programs of the National Foundation, an intensive campaign to sell luncheon reservations, under the supervision of Mrs. George Neitlich, chairman of reservations. Assisting her are Mrs. Edwin J. Cohen and Mrs. Simon S. Turin.
At the first report luncheon

held at Simpson House in Rd., Framingham, chemical engineer, and Rose L. Wallack, made by Mrs. Frank Brezniak, chairman of the 1960 Advertising Book.

Mrs. Benjamin B. Rodman, chairman of the raffle committee, awarded the first in a series of prizes for outstanding effort to Mrs. Morris Krasnow of Newton.

Hostesses for the report luncheon were Mrs. Morris Blinder, Mrs. Louis Feldman, Mrs. Benjamin Friedman, Mrs. Elliot S. Irving and Mrs. Maurice Helfant.

The next report meeting is set for Monday, Jan. 18 in the home of Mrs. Frank Brezniak, 25 West Boulevard road, Newton.

Brandeis Gift From Lown For Judaic Studies

Brandeis University announced today the creation of an Institute in Advanced Jewish Studies underwritten by Philip W. Lown, Newton and

MRS. SAMUEL FEINBERG

New Era Home For Jewish Children

Mrs. Samuel Feinberg of Newton, president of the 3500member organization of the Home for Jewish Children, stressed the importance of 1960 in the Home's plans at a luncheon-meeting held Monday at Temple Sinai Meeting House in Brookline.

"As we enter the new year," Mrs. Feinberg said, "we recall the thrilling moments of the ground breaking ceremonies of our new 'Home' at 1000 Harvard street, Mattapan and the gratifying success of our 61st luncheon in November.

"This year will mark the start of a new era for us when our 'Home' becomes a reality and the community will be able to see first hand the latest methods in caring and treatment of emotionally disturbed children."

Do you say: "Try bee venom...or a change of climate"?

Hardly. Not when medical research offers the kind of hope it does today for a disease that has crippled human beings since the Neanderthal man. Volunteers for the New March of Dimes are asking your help in every town and village this January for an accelerated attack on arthritis, along with two other major cripplers...birth defects and polio.

Your dimes and dollars will provide:

C Research funds for medical scientists

More treatment study centers like the one this 3-year-old is watching above

C Training for desperately needed medical professionals

& Financial aid toward medical care

The New March of Dimes program is the largest ever undertaken by any voluntary health organization. It can benefit one in every four U.S. families. And the stakes are high...a healthy, normal life for children like this and millions more.

City GOP Launches Big "Recruit For 60" Drive

eighth-grade troops from War-ren and Day Junior High cruit for 60" program at a meeting held at the Newton Community Center, Cherry St., West Newton last night

This plan, which has the endorsement of President Eisenhower, will have as its goal an additional 800 workers for the G.O.P. organization in Newton.

According to Carleton P. Merrill, chairman of the Newton City Committee, the to-tal organization of regular associate members of Newton's seven ward committees has increased almost 30 percent within the last year If the Newton goal of 800 addi tional workers can be reached this will give the local Re publican group a total working force of over 1,000 interested and dedicated workers

Merrill has stated that polls have shown that there are many Americans who would be willing to work for the Republican party, but that people are reluctant to step forward and volunteer. Therefore, with the initia-tion of the "Recruit for 60" program these workers will be sought out by present members of the seven ward committees and then asked to work with their neighbors and friends on local party programs.

At this meeting the members of the City Committee voted to have the mem-bership of the ward committees maintained at the maximum of 35 as allowed by law. Once this maximum limit has been voted upon, nomination papers will be prepared for the election of regular membership at the pre-Persidential primaries in April.

Newly appointed Newton finance chairman, Wallace Forbes, outlined the plans for the spring finance drive and reports were given by Jean P. Dietz and Robert Tennant, G.O.P. committee vice-chairmen.

Following the meeting, re freshments were served by the Ward 2 committee under the chairmanship of George

Newton Woman Aids In Unique **Behavior Course**

A Newton woman, Mrs. Florence Dansker of 43 Walker St., Newtonville, is helping to conduct a unique education project for the Winchester schools.

Mrs. Dansker is lecturer and discussion leader in a course on the Dynamics of Behavior, which is being conducted by Tufts Univer-sity and the Massachusetts Association for Mental Health in cooperation with the Winchester School Department.

NU Students Mrs. Dansker, a mental ealth education consultant health for the Massachusetts Association, presents weekly lecerated the first TV transmit-ter used in New England, Altures to teachers, guidance workers, and adjustment counfred J. She also condressed the Northeastern Uni ducts weekly group discussions with the school staff versity chapters of the American Institute of Electrical Enmembers. gineers and the Institute of Radio Engineers.

The lectures are based on the elements which go to make up a mature personality. The discussions follow any subject which the teachers wish to pursue.

The purpose of the course is to develop greater understand-ing of the part played by emotions in the classroom. The teachers are free to discuss any subject they choose. The atmosphere of understanding and acceptance which the group leaders develop enables teachers to create a similar climate in the schoolroom. Mrs. Dansker has been do-

The Aldermen, by a vote of 17 to 3, appropriated \$80,000 for science equipment and \$10,000 for books, although the School Department had submitted a request for \$425,000.

Several Aldermen asserted time was needed to study the long list of items required for the new school.

Chairman Warren A. Sutherland of the Public Buildings Department, said the new library would contain 7500 books, and that the School Building asked for \$30,000.

YMCA attended the annual Open House celebration which concluded the local association's observance of To Retain Commuter Trains National YMCA Week, here last Saturday.

The many attractions presented on Saturday brought to a close a week-long series special programs and activities designed for public interest and participation.

During the afternoon, spectators enjoyed a boys' gym class demonstration followed by an exhibition by the YMCA gymnastic team. Handball and squash matches were in progress during the day as well as a boys game room tourna-

Competition in the swim-ming pool was provided with the Newton squad dropping a close decision to a strong Wakefield team. On the basketball court the smooth working Merchants downed the Newton varsity by a wide margin.

Many special lobby displays were viewed by the guests including: a World Service display picturing the work of the YMCA throughout the world; a Newton Y camping display featuring color slides of the four Y camping programs offered during the summer; and a SCUBA display showing the many interesting items of equipment needed for this new underwater sport.

Refreshments were served to children by residents of the Y dormitory in the Youth Division while the Women's Auxiliary to the Y held a reception for adults in the Colonial Room.

Newton Mother Demand Higher Teachers' Pay

A Newton Centre mother of three warned today in a letter to Haskell C. Freedman, Chairman of the Newton School Committee, that "if we want the 'cream of the crop' kind of teacher to remain in Newton, we must pay the 'cream of the crop' kind of salary."

The letter was prompted by the resignation last month of Harold Howe II, as principal of Newton High School, to take the post as Superintendent of Schools at Scarsdale, a school system with just 4,000 pupils.

The salary in Scarsdale will be \$22,500 per year, or \$8,500 more than the Commonwealth of Mass. pays to Education Commissioner Owen B. Kiernan.

Mrs. Tanger, the former Miss Brenda Ross of Brookdent of the Massachusetts line, is the wife of a Boston City Clerks' Association at the radio and television executive. She is a member of the Newton League of Women Voters, and the Meadowbrook and Oak Hill PTA groups.

Gibbs conferred at length with City Solicitor Matt Jones, Jr., after the Public Utilities Commission announced its decision.

"We are now in the process of mapping out the action we will take and of determining the procedure to be followed," Gibbs asserted.

It is anticipated that New ton will join with Wellesley, Tramingham and Natick in whatever legal course is determined upon.

"Our one objective at the moment is to stop the dis-continuance of the trains, and we will follow whatever course we consider most likely to achieve that objective," Gibbs stated.

Discontinuance of the B & A trains which presently serve Newton would present a tre mendous problem for a large number of Garden City commuters who now use the trains.

Ordinarily, a decision by the Public Utilities Commission allowing a railroad to curtail or discontinue service is consid-

The fact that the decision in this instance was by a close 4-3 vote, however, was regarded by some experts as possibly leaving the door open for a legal fight on the matter.

Mayor Gibbs and other oblectors to the B & A move pointed to testimony by the

Council Day Is Held At Weeks' Jr. High School

Council Day, held this year on January 19, is one day of the school year when students of Weeks Junior High School in Newton Centre are in charge of the operation of the school.

These students are all members of the Student Council, whose membership is composed of an elected representative and alternate from every room, 6 parents, and 6 teachers.

The Council was formed more than 10 years ago to help solve the problems of the school and to give help to the school. Council Day was or-ganized to give the student body an opportunity to be-come better acquainted with the Council and to learn to work with instructors who are not their regular teachers (such as substitutes). Council members are given an opporutnity to gain experience in leadership and to demonstrate their abilities to their fellow students

Monica Meyer is president of the Student Council. Other officers are: Eileen Cohen, vice-president; Claire Rubin, treasurer; and Betsy Gesmer, secretary. All officers are in the 9th grade.

Four standing committees work with the officers to carry on the Council's activities. The Finance Committee raises funds and supports a foster child in Greece. Service to the school is the function of the Service Committee. This committee presents talent shows and works for the cafeteria. The Citizenship Commit tee is presently considering amendments to the Council's constitution. Publicity for all Council activities is handled by the publicity committee.

Dr. Lax Wins **Buckley Prize** In Physics

The American Institute of Physics announces today that Dr. Benjamin Lax of 25 Audubon Drive, Chestnut Hill, has been awarded the \$1,000 Oliver E. Buckley Solid-State Physics Prize for 1960.

Dr. Lax is head of the Solid State Division of the Mass, Institute of Technology's Lin-coln Laboratory at Lexington. He is a scientist in many areas of physics of the solid state, and was cited for the Buckley Prize for his "fundamental contributions in microwave and infrared spectroscopy of semiconductors."

The Buckley Prize, amounting to \$1,000, will be presented to Dr. Lax at the annual dinner of the American Physical Society and the American Association of Physics Teachers in the Hotel New Yorker on tomorrow evening, Jan. 29, Dr. George E. Uhlenbeck, of the University of Michigan, President of the A.P.S. Dr. George B. Kistiakowsky, Special Assistant to President Eisenhower for Science and Technology, will be the principal speaker at the dinner.

The Buckley Prize was established by Bell Telephone Laboratories in honor of the late Dr. Oliver Ellsworth Buck-ley, retired chairman of the laboratories who died December 14 at the age of 72 It is made annually to a person adjudged to have made a most important contribution to the advancement of knowledge in solid-state physics within the five years immediately preceding the award.

Dr. Lax was born at Miskokz, Hungary, on December 29, 1915, came to this country in 1926 and became a citizen in 1940. He attended Boys' High School in Brooklyn, received the B.M.E. degreee from Cooper Union in 1941 and the Ph.D. in physics from M.I.T. in 1949.

During World War II, from 1942 to 1946, he served with the Army Signal Corps and the U. S. Air Force. From 1944 through 1946 he was affiliated with the M.I.T. Radiation Laboratory which worked on radar development and then joined the staff of the Air Force Cambridge Research Center. Enrolling as a graduate student in physics at M.I.T. he received the Doctor of Philosophy degree in 1949 and his research was concerned with microwave gas discharges.

For years we have been hearing about the need for a sales tax to lighten the tax burden on real estate. Now a bill has been proposed which would distribute all the money collected to the cities and towns.

It seems to me that a matter of this kind should be above party politics and that our legislators should so regard it. It's time that our legislators stopped playing politics and did the things which need to be done.

Where You Save DOES Make a Difference

We just fritter our income away!

Save your way

to bigger living

By Don Herold Unless you save and accumulate fairly good sized sums, your life may always be just peanuts.

It takes a fairly good pile of dough to get the really worth-while things of life (like a long vacation trip, or a year in col-lege, or a down-payment on a home, or a start in business).

And it takes a good pile to meet some of the emergencies of life, like a layoff, an illness, or a new baby, or orthodontistry. The only way to get a good pile is to save a little pile every week or every month at Watertown Federal. And when you get it there, "leave it lay."

Higher Pay-(Continued from Page 1)

has repaired itself, is it not time to consider more objectively our school salary schedules—teaching and more emphatically, administrative compensation?

"A few months ago I wrote to the Newton School Committee concerning the continu ous movement of one school's entire sixth grade. I intended that my letter convey an apprehension that is not mine alone-that perhaps Newton's school economies were start-ing to manifest themselves in a period of retrogression.

This decline may start in the schools—a facet of Newton living for which we are best known - and then spread to our more tangible properties. A glance at the statistics published by the Massachusetts Teachers Association indicates that there is nothing outstanding about Newton's pay checks. This kind of economy can save us nothing—except from any new compilation of the nation's top school sys tems. Perhaps then, this is the hour for a bold, even unorthodox approach to a very basic

subject.
"We have all seen evidence of useless application in the terms of 'dedicated administrator' and 'self-sacrificing teacher'. These peo ple are gradually leaving Newton for areas where their devotion is better re warded. If we wish to have and to hold competent, knowledgeable administrators, we must endeavor to away with worthless platitudes and to substitute competent, knowledgeable salaries. If we want the 'cream of the crop' kind of teacher to remain in Newton, we must pay the 'cream of the crop' kind of salary. It's just that simple; otherwise we become another mediocre city.

"Perhaps our P.T.A.'s should not act as if compensation dis-cussions were forbidden subjects, unworthy of our con-cern. Perhaps it is time for the taxpayer to be filled in on the school facts of life. Maybe we had better start seeing ourselves as others are starting to see us. It's like 'the house that Jack built' We must pay the money to keep the men to build the ed-ucation to maintain the property to help the city that schools built."

GILES E MOSHER

Giles Mosher Is Newton's No. 1 Young Executive

Promotion and civic honors have come in quick succession to Giles E. Mosher who lives with his wife and their two small daughters at 16 Byrd Ave., West Newton.

The Newton Waltham Bank and Trust Company has just announced his ap-pointment as manager of the credit department. And last week he was presented the Junior Chamber of Commerce Distinguished Service Award and named Newton's Young Man of the Year.

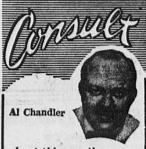

The presentation was made at the sixth annual awards dinner held at the Pillar House in Newton Lower Falls.

Mosher is Newton-born, a product of Newton Schools and a graduate of Boston College, class of '51. At present he is a candidate for a Masters Degree at the B. C. School of Business Adminis-

tration.

He is a member of the Board of Directors of the Newton Boys Club, Board of Directors of the Newton Chamber of Commerce and in 1958 received an award as the Outstanding male employee for his present employer. He is active in St. Bernard's Church as an usher and a member of the Men's Club.

Judges this year were
Rev. Hamilton M. Gifford,
pastor of the Newtonville
Methodist Church; Harry L.
Whalen, president, Newton
Community Council; State
Rep. Arthur G. Heaney;
Justin T. Horan executive Justin T. Horan, executive secretary of the Newton Chamber of Commerce; and Dr. Edward Landy, Director

The junior hostesses will be Charlene Brackett of Athol, Joyce Campbell of Boston, Marjorie Coon of Framing-ham, Faith Whitney and Jeanne Kraetzer of Concord, Patty Putnam of Newton Cen-tre and Andrea Scudden of Palmer.

PTSA Meeting Tuesday, Feb. 2

Parents, students and teachers are invited to attend the meeting on Tuesday evening, Feb. 2 at 8 p.m. in the Newton High School Auditorium to discuss vexing questions pos-ed by the fact the city will have two high schools in the Fall.

Speakers will be Principal Harold Howe II, Assistant Prnicipal A. Raymond Rogers, and Administrative Assistant

William H Hall. Some of the questions to be discussed include:

-What students will attend Newton South High School? -How will the faculty be divided between the two high

-What relationships will the two high schools have? -Will the program of stu-dies be similar in the two schools? -How will the sports pro-

gram be affected by having two schools? of Counseling Services, New-

ton Public Schools.

Speaking for the judges, Mr.

Whalen said:
"To Mr. Mosher and to the other young men nominated, we express our hope that all will continue their fine work as the future of Newton, the future of our nation, rests upon the shoulders of our

young leaders of today."
The awards dinner was toastmastered by Samuel Turner, president of the Newton Junior Chamber, Theodore O. Alcaide, awards chairman, announced that Mosher's nom ination was submitted by Richard J. White, past president of the Newton Chamber of Commerce, and that the final selection had been made from many nominations from various organizations, clubs and individual citizens of New-

In-School TV Topic At Carr PTA Meeting

Dr. J. Bernard Everett, director of education of the Newton Public Schools, spoke about "The 21-Inch Classroom" at the general PTA meeting of the Carr Elementary School in Newtonville held recently. "The role of television is

to supplement, not to duplicate what is taught in the classroom," said Dr. Everett, who is also special adviser to the Eastern Massachusetts Council for In-School Television. While in-school television admittedly has limitations as well as advantages, some of its advantages are:

1. it provides an opportunity to bring in teachers who have an especial ability in one subject; 2. it brings into the classroom materials that may not be available to the regular teacher, such as objects of art; 3. it provides a closeup science courses; 4. it can bring the world into the classroom with views of special current events: and 5. it can introduce new subjects, such as the course begun this year in fourth grade French.

In-school television comprises only one-half hour every week to two weeks. Particularly interesting are the fifth grade course in natural science taught by Prof. Weston of Harvard, and the sixth grade physical science course by Mr. Gene Gray, instructor in the Newton Schools.

Among the courses at the high school level, Dr. Everett told of the humanities course by Prof. Maynard Mack of Yale, whose lec-tures are effectively illustrated with passages acted out by the Stratford Shakespearean players. While inschool television has made an impressive start, Dr. Everett sees the next ten years as bringing great improvement in the technique of this medium.

Parents were very interested in Dr. Everett's talk and afterward had a number of pertinent questions. PTA President Ira L. Berman conducted a short business meeting, and refreshments, presided by Mrs. Fred Mitchell, concluded the meeting.

Dilemma of the Newborn Will Be **Meeting Subject**

Dr. Kelly Davis, Wellesley pediatrician, will speak on "The Archaic Infant and the Modern Scene" or "A Pediatri-cian Ponders the Dilemma of the Newborn" at the February meeting of the Boston Asso-ciation for Childbirth Education.

The Association, which will meet on Feb. 3 at 8 o'clock, in the American Friends' Service Committee library, 130 Brat-tle street, Cambridge, is a group of parents and professional people aimed at making pregnancy, delivery and parenthood a more informed and satisfying experience.

Those interested in further information may call Mrs. Giles C. Kelliher of Newton Centre at LA 7-7793.

Dr. Davis is a graduate of the University of Virginia Medical School. He served for two years on the resident staff of the Children's Hospital in Boston and for two years taught and did research in the Department for the Study of Human Growth at the University of Colorado. Now in private practice, he is on the staff of the Boston Lying-in Hospital and the Newton-Wellesley Hospital, He is also a faculty member at Harvard Medical School.

Waban Woman's Club Meeting

Members of the Waban Woman's Club will be visited by Mrs. Libby Smith "Artist at the Range" at the Waban Neighborhood Club House, Menday, Feb. 1 at 2 p.m.

For 15 years Mrs. Smith has captivated audiences with interesting theories on creating cocking. For 12 years she has demonstrated successfully those theories during a series of exclusive and highly popu lar classes. She features extensive use of herbs in creat ing dishes of originality and urges modern homemakers to change their attitude toward cooking.

Mrs. Smith proves that cre ative cooking can be a challenge to the imagination and His Masonic affiliations include Jerusalem Temple Lodge

What do you say to a pain-racked child who has a severe form of rheumatoid arthritis that could cripple her for life?

Do you say: "Try bee venom ... or a change of climate"?

Hardly. Not when medical research offers the kind of hope it does today for a disease that has crippled human beings since the Neanderthal man. Volunteers for the New March of Dimes are asking your help in every town and village this January for an accelerated attack on arthritis, along with two other major cripplers...birth defects and polio.

Your dimes and dollars will provide:

C Research funds for medical scientists

More treatment study centers like the one this 3-year-old is watching above

C Training for desperately needed medical professionals

a Financial aid toward medical care

The New March of Dimes program is the largest ever undertaken by any voluntary health organization. It can benefit one in every four U.S. families. And the stakes are high...a healthy, normal life for children like this and millions more.

Service Committee Gives Report On Local Charity

The report of the Christmas Service Committee of the Newton Community Council and the Newton Federation of Women's Clubs just released by Harry L. Walen and Mrs. Morgan S. Campbell respective presidents, illustrates how well Newton takes of its less privileged citizens at Christmas time.

individuals this year whose names were cleared through the Community Council office were given assistance of either small amounts of money or food baskets. The groups which provided this help were the Christmas Service Committee of the Federa-tion, Auburndale Protestant Churches, Elks, St. Vincent de Paul Cousens Fund, Kendrick Fund, Salvation Army, Perpetual Benevolent Fund, Ki-wanis Club, Union Church in

can Legion. There were approximately 600 names of families and individuals referred to the Council office, but about 100 of these were duplicates. The work of avoiding dup-lication in giving, which helps make the available resources go further, is one of the major functions of

Waban and the Newton Wo-men's Post 410 of the Ameri-

There were twelve health and welfare agencies and city departments which sent in the names of families they recommended to receive help for Christmas. Of the 379 who were helped by the Christmas Service Committee funds, 260 were referred by the public welfare department. The schools submitted 48 families and individuals,, which was the next largest number re-ferred. Other agencies and departments referring families were the Rebecca Pomroy House, Family Service Bureau, Probation Dept.
